Exhibit 32: State Laws and Regulations

This Exhibit will track the requirements of Stipulation 32, dated February 10, 2021, and therefore, the requirements of 16 New York Codes, Rules and Regulations (NYCRR) § 1001.32.

32(a) State Approvals, Consents, Permits, Certificates, or Other Conditions of a Procedural Nature

The Applicant has compiled a list of state approvals, consents, permits, certificates, or other conditions of a procedural nature that are applicable to the construction or operation of the North Side Energy Center (Project) (Table 32-1). These state requirements are supplanted by Public Service Law (PSL) Article 10, except for the NYPSL Section 68 certificate of public convenience and necessity to be issued by the NYPSC and permits to be issued by the New York State Department of Environmental Conservation (NYSDEC) pursuant to federal recognition of state authority, or pursuant to federally delegated or approved authority, in accordance with the Clean Water Act (CWA), the Clean Air Act and the Resource Conservation and Recovery Act, and permits pursuant to § 15-1503, Title 9 of Article 27, and Articles 17 and 19 of the Environmental Conservation Law, unless the Board expressly authorizes the exercise of such authority by the state agency.

Table 32-1. State Reviews, Permits, and Approvals of a Procedural Nature

Permit/ Clearance	Regulatory Agency	When Required	Potential Studies & Application Requirements	Status
Certificate of Public Convenience and Necessity (Public Service Law §68)	New York State Public Service Commission	Projects generating 80 MW or greater	Certificate is required per regulatory requirements as interpreted by the Siting Board in the Cassadaga Article 10 decision and order.	Concurrent with or after Article 10 Application review and approval
Stormwater Permit for Discharges from Construction Activity (State Pollutant Discharge Elimination System [SPDES] GP-0-20-001)	New York State Department of Environmental Conservation (NYSDEC)	Soil disturbance of one (1) or more acre	Preparation of a Stormwater Pollution Prevention Plan (SWPPP)	Applicant will submit a Final SWPPP prior to construction and also submit Notice of Intent (NOI) to NYSDEC at least five days prior to construction.

Table 32-1. State Reviews, Permits, and Approvals of a Procedural Nature

Permit/ Clearance	Regulatory Agency	When Required	Potential Studies & Application Requirements	Status
Water Quality Certification (Section 401 of The Clean Water Act [CWA])	Siting Board	Projects that will result in the discharge of dredged or fill material into Waters of the United States (WOTUS)	Wetland and waterbody delineations for this Application began in 2017 and were completed in 2020.	Issuance will be coordinated as part of the Article 10 process.
Highway Work and Use and Occupancy Permits	New York State Department of Transportation (NYSDOT)	Required for overhead or underground crossings of state highways, access roads from state highways, and temporary widening of intersections at state highways.	Complete Standard Permit Application	If determined necessary, approved once routes are final; anticipated immediately prior to start of construction
National Historic Preservation Act (Section 106)	New York State Historic Preservation Office (SHPO)	Project must go through review/consultation to determine whether it will affect historic properties.	Phase IA/B Archaeological Survey and Historic Architectural Survey	Project has been preliminarily reviewed on SHPO Cultural Resources Information System (CRIS). Phase IA and IB review coordinated with Article 10 process. Phase IB to be submitted to SHPO concurrent with Application filing. Historic Architecture Survey concurrent with Article 10 application process.
Agricultural and Markets Law – Article 25-AA	New York State Department of Agriculture and Markets (NYSAGM)	Consultation required as Project is located within certified Agricultural Districts	Review of Agricultural District Mapping and Coordination with NYSAGM	Consult with NYSAGM for recommendations on how to minimize impacts to agricultural operations as part of the Project. Consultation is incorporated within the Article 10 process.

Table 32-1. State Reviews, Permits, and Approvals of a Procedural Nature

Permit/ Clearance	Regulatory Agency	When Required	Potential Studies & Application Requirements	Status
Special Haul Permit	NYSDOT	Required for overweight and/or oversized deliveries	Complete Standard Permit Application	If determined necessary, approved once travel routes are final; anticipated immediately prior to start of construction
Interconnection Studies	New York Independent System Operator (NYISO)	Interconnection Required	Feasibility study and system reliability impact study complete	System Reliability Impact Study (SRIS) is complete.

32(b) List of State Procedural Requirements

Apart from the NYSDOT permit described in Table 32-1 above, the Applicant does not request the Siting Board to authorize any state agency to expressly authorize the exercise of authority for any procedural requirements.

32(c) State Approvals, Consents, Permits, Certificates, or Other Conditions of a Substantive Nature

The Applicant has compiled a list of state approvals, consents, permits, certificates, or other conditions of a substantive nature that are applicable to the construction or operation of the Project (Table 31-2). The Applicant intends to comply with the substantive requirements as outlined in Table 32-2.

32(d) Summary Table of All State Substantive Requirements

Table 32-2. Summary Table of All State Substantive Requirements

Provision	Degree of Compliance
Water Quality Certification. Section 401 of the CWA 6 NYCRR Part 621.4e (Water Quality Certifications in Accordance with Section 401 of the CWA)	The Applicant anticipates to fully comply.
Consultation Pursuant to §106 of the National Historic Preservation Act 9 NYCRR Part 428 (State Agency Activities Affecting Historic or Cultural Properties)	The Applicant anticipates to fully comply.

Table 32-2. Summary Table of All State Substantive Requirements

Provision	Degree of Compliance
SPDES General Permit for Construction Activity Article 3, 6 NYCRR Part 750-1.11 (Application of Standards, Limitations, and other Requirements)	The Applicant anticipates to fully comply.
Special Hauling Permit Section 385 of the New York State Vehicle and Traffic Law	If required, the Applicant anticipates to fully comply.
NYSDOT Use and Occupancy of State Highway Rights-of-Way, 17 NYCRR Part 131 (accommodation of Utilities with State Highway Right-of-Way)	The Applicant anticipates to fully comply.
Highway Work Permit, New York State Highway Law, Article 3, §52	The Applicant anticipates to fully comply.
NYSDOT Special Haul Permit, Section 385 of the New York State Vehicle Traffic Law	The Applicant anticipates to fully comply.

32(e) List of State Approvals, Consents, Permits, Certificates, or Other Conditions for Offsite Components

The Applicant has not identified any additional state approvals, consents, permits, certificates, or other conditions for any proposed offsite interconnections or ancillary features.
